MORE THAN EVER
YOUR ONE-STOP-SHOP
FOR HEALTH CARE PROFESSIONALS

615
PRESCRIPTION CONTAINERS

RICHARDS Pharma Solutions’ selection of medication repackaging solutions for pharmacies is wider than ever.

- Optimal product range
- More sizes
- The best materials
- Functional products

Helping health professionals make the right choices for their patients.

1200+
PHARMACEUTICAL PRODUCTS

HEALTHMARK strives to improve medication safety in the Canadian Healthcare System through:

- Unit dose & Barcoding
- Packaging
- Inventory Control and Dispensing products
- Automation

That contributes to cost and production efficiency, accuracy and above all SAFETY.

50
DISPILL PRODUCTS

Dispill is a complete patented system for producing blister packs in detachable multidose or unidose:

- High quality labels
- Blister cards
- Accessories
- Distribution tools

A solution that helps patients comply to their treatment.

CERTIFIED ECO-RESPONSIBLE

The RICHARDS plant where all vials for the pharmaceutical market are manufactured is the only one to have been certified ECO-RESPONSIBLE (BNQ 21000) by The Council of Sustainable Industries, which oversees the Federation of Plastics and Alliances Composites (FEPAC).

The Council of Sustainable Industries is one of the recognized bodies that ensure the integrity, transparency and consistency of sustainable development in companies and industries. With its strict principles of governance, the Council’s certification process is recognized and supported by industry.
EYECON A UNIQUE VISUAL COUNTING SYSTEM™

FOR SPACE SAVINGS, TIME SAVINGS AND MORE PROFITABILITY.

PRESCRIPTION VALIDATION, COUNTING AND FILLING SYSTEM

- With camera, scanner, touch screen and complete inventory program
- Includes a DIN database with coloured photos
- 2-year limited warranty

2 UNIQUE FEATURES:

PHYSICAL INVENTORY MODE
Quickly counts all medication from stock bottles and records the results in a database. Very effective for regular narcotic inventory counts.

VALIDATION MODE
To count and ensure that the medication dispensed into the vial matches what is on the prescription.

For more information, a demo or an evaluation of your needs, contact your RICHARDS sales representative.

TO ORDER
The RICHARDS product selection may vary from one distribution centre to another. REFER TO YOUR SPECIFIC PRODUCT CODE LIST TO ORDER.
**SECURIGO™**

**ARROW VIAL**
- Made of Polypropylene sturdy and stable plastic
- Capped
- CSA certified to protect children

**OPTIONS**:
- Robot: ScriptPro® Compatible
- 16 & 40 drams
- Uncapped vials for automation
- Cap available with custom logo*
- Becomes a Non-Child-Resistant vial with the use of a snap cap

Pharmacists can choose the most appropriate size to save space and avoid half-filled container.

- In white Polypropylene recyclable
- With larger Handy Grips
- Sold separately

SNAP-CAP

NON-CHILD-RESISTANT VIAL
- Made of Polypropylene sturdy and stable plastic
- Capped
- Vial with white cap

For the security of your patients
Our manufacturing standards specify the use of ONLY virgin pharmaceutical grade and food grade resin approved by the CFIA and the FDA. This ensures that our containers are free of contaminants. And all CR vials are CSA approved for a safe, reliable container.

FOR THESE REASONS, ALL VIALS ARE SINGLE-USE ONLY. THEY CANNOT BE REUSED.

All RICHARDS products are manufactured or assembled in CANADA and comply with the Canadian pharmaceutical standards.
